

Combining Academic Planning, Advising, Degree Audit, and Registration: It's Almost Magical!

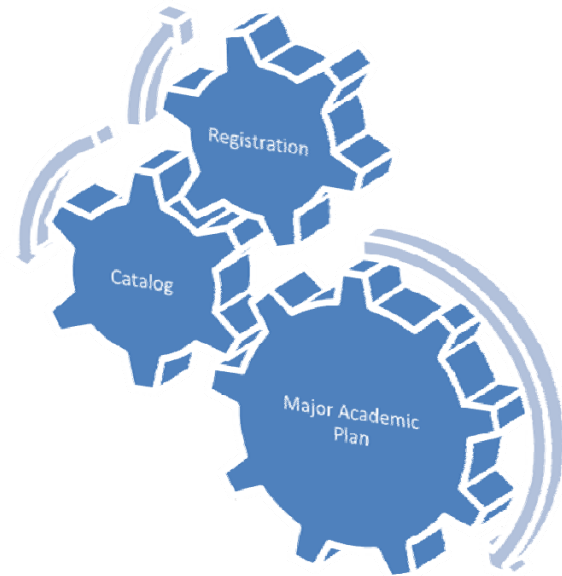

Jeff Bunker | University Registrar

Rick Williams | Director of Technology Applications

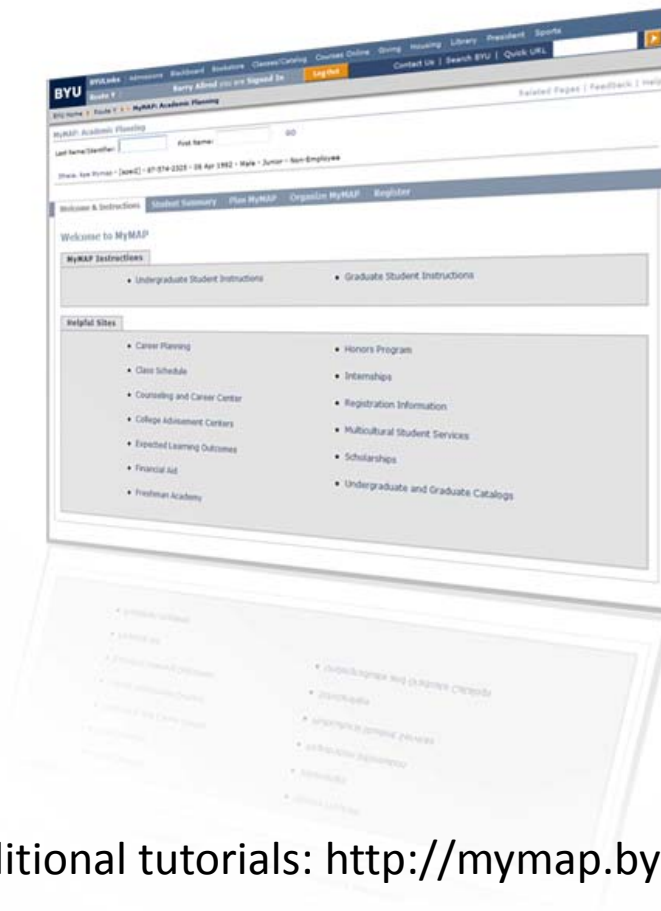

Barry Allred | Associate Registrar

Scope/Objectives

- Integrated environment
 - Class schedule
 - Catalog
 - Major Academic Plan (MAP)
 - Registration
 - Degree audit
- Provide a planning tool
 - Graduate in a timely manner
 - Project course demand
 - Enable student course advising

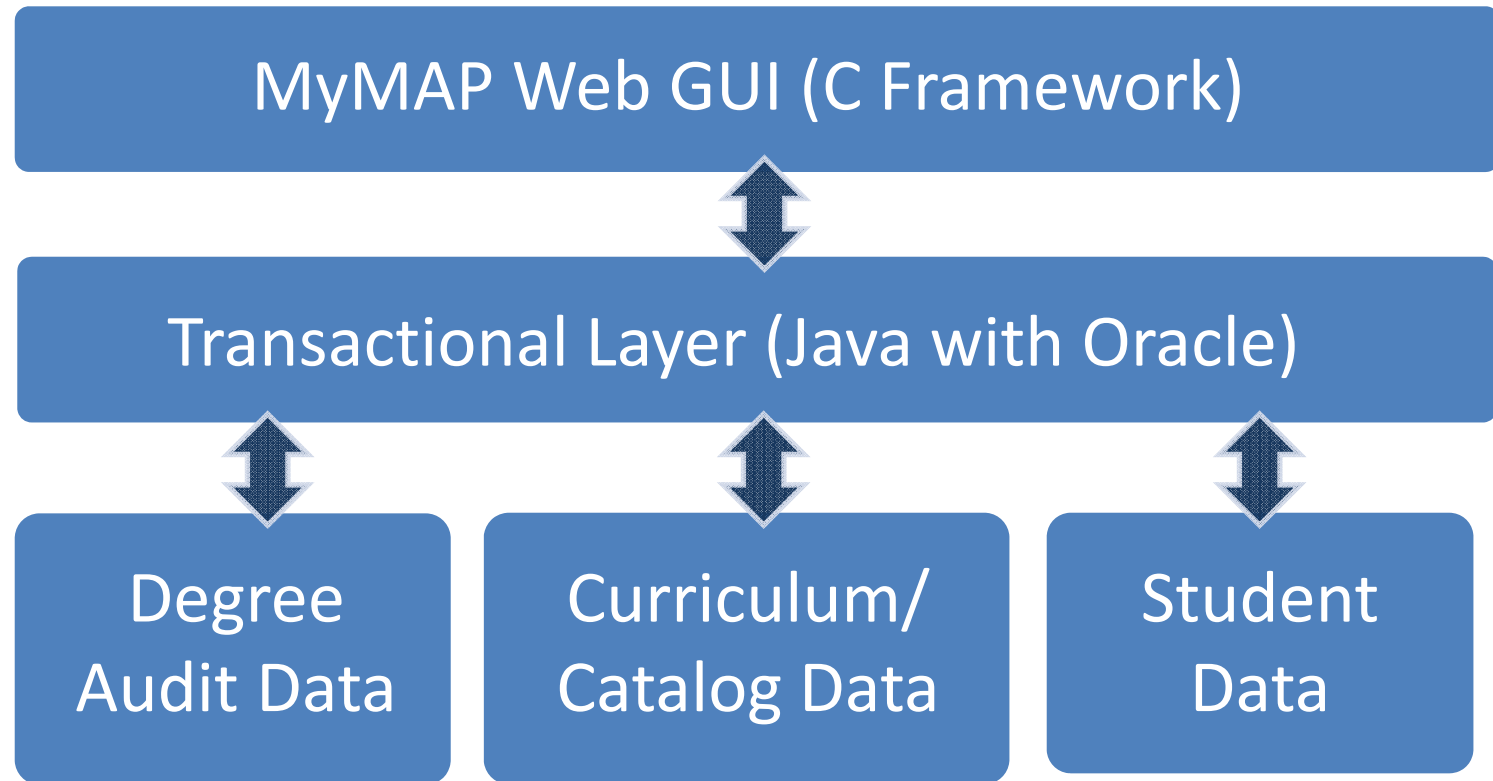

Demo

Technology Overlay

Challenges/Solutions

Challenge	Solution
Premature deployment	Newsletter, communication
Misaligned expectations (political)	One-on-one meetings, Task Force, project management
Project involvement turnover (engineer/management)	Task Force
Limited resources	Prioritized list of fixes, trim down enhancements
Change of student environments	Online tutorials, individualized training
All – in – one solution (GS/Ugrad/BGS)	Tiered implementation

Next Steps

Dynamic MAP – prerequisites, sequencing, availability
Administrative functionality – future demand (reports, etc)
